ADVERTISING GUIDELINES

Preferred File Format: Please submit artwork as a flattened pdf file.

File Transfer: Large files may be uploaded via WeTransfer.

Color: All images must be supplied in CMYK format.

Graphics: Raster images must be 300 dpi and supplied in a TIFF, JPEG or EPS format. Upsampling low resolution images to 300dpi will result in poor print quality. Do not embed images in your source file without including those images separately (unless providing a PDF/X-1a file). Remove embedded color profiles prior to saving.
